

After

Lacey's world shatters when her dad is killed in a car accident. And secretly? She feels like it's her fault. If she hadn't taken her own sweet time getting ready that morning . . . well, it never would have happened. Her mom wouldn't be a basket case. Her brother Logan wouldn't drink. And her little brother would still have two parents. But life goes on even if you don't want it to. And when Lacey gets the chance to make a difference in the lives of some people at school, she jumps at it. Making lemonade out of lemons is her specialty. Except she didn't count on meeting a guy like Sam. Or that sometimes? Lemonade can be a pretty bitter drink to swallow. From the Hardcover edition.
