

Nerderotica IV (Gender Transformation, Feminization Erotica)

Their quest has only just begun... --- In this fourth and standalone instalment of Nerderotica, two nerdy tabletop gamers, Lester and Eric find themselves pulled from their regular lives into a mysterious magical version of Dungeons & Dragons. The Fellowship finds themselves trapped in a small village during a bad storm, and our two heroes meet two young girls, who might just be hiding something sinister. This hot 5,600-word book in the Nerderotica collection does not require that you've read the other sizzling episodes, but it is recommended for an optimal reading experience. All the characters in this work of fiction are over the age of eighteen.
