

OCD, the Dude, and Me

With frizzy orange hair, a plus-sized body, sarcastic demeanor, and unique learning profile, Danielle Levine doesn't fit in even at her alternative high school. While navigating her doomed social life, she writes scathing, self-aware, and sometimes downright raunchy essays for English class. As a result of her unfiltered writing style, she is forced to see the school psychologist and enroll in a social skills class. But when she meets Daniel, another social misfit who is obsessed with the cult classic film *The Big Lebowski*, Danielle and Daniel resolve to keep everyone at arms length starts to crumble.
