

Eyes Like Stars [Retail Edition] (Theatre Illuminata)

Welcome to the Theatre Illuminata, where the actors of every play ever written can be found behind the curtain. They were born to play their parts, and are bound to the Theatre by The Book an ancient and magical tome of scripts. Bertie is not one of them, but they are her family and she is about to lose them all and the only home she has ever known. Lisa Mantchev has written a debut novel that is dramatic, romantic, and witty, with an irresistible and irreverent cast of characters who are sure to enchant the audience.
