

Jump Cut (Seven (the series))

Spencer loves movies, but real life is boring, right? When his late grandfathers will reveals the tasks he wants his grandsons to undertake, Spencer thinks he got screwed. Hes not going to France or Spain or Africa. Hes not even getting a cool tattoo, like his younger brother. No, hes going to Buffalo to get a kiss from an ancient movie star. Gross. And hes supposed to film it. Grosser. But Spencer hasnt bargained on Gloria Lorraine, star of the silver screen back in the day. Gloria has big plansplans that involve her granddaughter AmberLea, a gun, a baker who might be a gangster, some real gangsters and a road trip to Nowheresville, Ontario. After being shot at, jumping into an icy lake and confronting some angry bikers, Spencer finally realizes that real life can be as exciting (and dangerous) as reel life. Spencers adventures start in Speed, part of The Seven Prequels and continue in Coda, part of The Seven Sequels.
