Its hard enough for Eve to adjust to a new high school without the extra weight shes gained over the summer. Her best friend is ashamed to hang out with her, and shes become the focus of a schoolmates cruelty. Determined not to be that pathetic fat girl at school, Eve struggles with a diet and forces herself to join a mentoring program. The diet only makes her food obsessed, and she feels she is failing as a mentor. How can a lonely fat girl gain the confidence she needs to succeed?
