Paris in 5 1/2 Weeks, Day 7 : A Photo Memoir A Walk to the Eiffel Tower * 12 Original Paris Images - Please Note: Click or swipe to expand image. Commentary & links * Please note: There are no pictures for Day 8. Book Day 9 has more Eiffel Tower pictures, taken at the end of a walk to the Tuileries. December 19, 2014 Late 2012, my wife Sheila and I took a long desired but unexpected stay in Paris. We were moving back to Texas (my home state) from Vermont (my wives home state), and kinda figured, this may be it, our best chance to really visit Paris. So we took a 5 and ? week detour. This second edition is designed, with the ease of viewing and reading via subscription services in mind. And is structured as a series or serial release. A few of the days from this 5 ? week series are available in a different format on my site. What my wife and I hear most often though, is the desire to be able to read and view about our Paris experience (young fit seniors) via an ereader. Or through one of the reading apps available for phones or tablets. With the advent of ebook subscription services, a long held desire of mine to be able to present stories and photo-memoirs in bite size segments, modern day serials I think, became not only possible, but desirable. But for myself as a writer, and for the reader. Individual ebooks are also available for purchase via non-subscription book listings, for those desiring to keep a copy and need to return it to the subscription service to make room for other items. I hope you enjoy this short book, and decide to delve into my expanding selection of serial photo and fiction ebooks. Sincerely, Adan & Sheila ps - Please note: There are no affiliate links in this article, on my site, or in my books. All links are chosen because I feel they add to the enjoyment of this book.
