

Parkland (Movie Tie-In Edition) (Movie Tie-in Editions)

Bugliosi has definitively explained the murder that recalibrated modern America. ?Jim Newton, Los Angeles Times Book ReviewParkland (originally titled Four Days in November) is the exciting and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963. Releasing this fall, the movie?starring Paul Giamatti, Zac Efron, Jacki Weaver, and Billy Bob Thornton?follows a group of individuals making split-second decisions after this incomprehensible event: the doctors and nurses at Parkland Hospital, the chief of the Dallas Secret Service, the cameraman who captured what has become the most examined film in history, the FBI agents who had gunman Lee Harvey Oswald within their grasp, and Vice President Lyndon Johnson who had to take control of the country at a moments notice. Based on Vincent Bugliosis Reclaiming History?Parkland is the story of that day?the movie is produced by Tom Hanks, Gary Goetzman (Game Change, Charlie Wilsons War), Nigel Sinclair (End of Watch, Snitch), Matt Jackson (End of Watch, Snitch), and Bill Paxton, and written and directed by Peter Landesman. 81 illustrations
