

Slots: 41 different systems for playing the slots

Slots is by far the most popular game in the casino from a standpoint of the number of people who play the slots. This book has 41 systems that can be applied to the playing of these bandits. The methods are all geared to how to manage your money , whether you play the quarter slots or the dollar slots. the methods set you up with Win Goals and Loss Limits and try to get the reader to accept the fact that winning small amounts and bringing home any type of profit is better than leaving your money in the coffers of the machines. the methods are explained in logical and easy to understand terms.....and yes, the emphasis is on Money Management
