

Breast Cancer Cover-Up: Buried Treatments that are Wiping Out Tumors When Nothing Else Will

Get breast cancer today and you'll likely lose part or all of your breast to surgery. Then they'll load you up with poisonous radiation or toxic chemotherapy. Yet after all the painful treatment, you'll have -- at best -- a sixty percent chance of being alive ten years later. And only if your cancer is caught early. If they catch your cancer late, 98 women out of hundred are dead within five years. With this discovery, almost every woman makes it and without losing a breast to surgery or taking any toxic chemicals! Even those with late-stage cancer! A Cornell-educated doctor followed more than 25 years of case studies and PROVED this treatment can cure breast cancer. This treatment even saved women considered terminal from certain death! In fact, it saved 25 percent more lives than surgery, radiation and chemotherapy in a clinical study. But don't expect to hear about it from your doctor. Since this treatment doesn't rely on chemo, surgery or radiation the U.S. Government made sure to bury it... You deserve to know the truth about the best treatments available for breast cancer. Now you'll have it at your fingertips. Breast Cancer Cover-Up: Buried Treatments that are Wiping Out Tumors When Nothing Else Will gives you 57 pages chock full of lifesaving breast breakthroughs THEY don't want you to know about. You'll get names, addresses and phone numbers for treatments with a track record of safely healing breast cancer. These include: This remarkable protein, just turn to Chapter One. The natural second immune system breakthrough that saved 8 out of 10 mostly terminal breast cancer patients in clinical study. The U.S. Government went after the doctor who discovered it and tried to yank his license, but he won in a court of law. Today he's quietly using it to save the lives of women with breast cancer, right here in the U.S., turn to Chapter Two... The surprising DNA repairing treatment that

healed hopeless breast cancer in 79 percent of women in clinical study. The FBI arrested the brilliant oncologist who discovered it, but the jury saw through their trumped up charges and acquitted him. Then he opened a life-saving clinic, turn to Chapter Four. The all-natural secret heralded by a Danish doctor who used it to cure her own breast cancer. It shrank away a breast tumor the size of an egg without radiation, surgery or chemotherapy. And its available in the U.S., without a prescription, see Chapter Three... The chemical formula thats so successful at stopping tumors, the American Cancer Society blocked clinical tests and all the research was burned! But its gone underground and its saving countless women from breast cancer, turn to Chapter Six. Then youll be shocked by the establishments efforts to bury the truth about mammograms, biopsies and other breast tests. For example: The ugly truth about mammograms. A doctor at the Chicago School of Public Health is speaking out against this common test, especially for women who are at risk for breast cancer! Turn to Chapter Eight to discover the digital test that finds breast cancers mammograms miss. Its painless, uses no radiation and costs the same as a mammogram.
