History Matchstick puzzles are incredibly compact puzzles first popularized in the 19th century. For the past fifteen years, we've been creating matchstick puzzles. They have appeared in printed books, periodicals, contests, on the Web, and even on the radio. Now it's time for a Kindle edition! Novelty All matchstick puzzles in this collection are original creations by the Grabarchuk Family. They are adapted to the Kindle book format with a special Hint system. Interactivity You can interactively choose any puzzle from the list and navigate between the puzzles, hints, and solutions. Hints & Solutions Need help? Use the hints, which provide useful tips on how to solve puzzles. If it is not enough - the detailed visual answers are provided for each puzzle. Ranking The collection is specially created for all kinds of solvers - beginners, skillful, and experts alike. The puzzles are arranged so that you start with the easy (\*) puzzles and progress to the hard (\*\*\*\*\*) puzzles. Enjoy it in Color Too! The book is created in full-color.
