

## Master the NEW SAT, 2005/e w/CD-ROM (Petersons Master the SAT)

The new SAT will be administered for the first time in the Spring of 2005. The ARCO Master the New SAT has been completely rewritten for the new SAT. The new SAT has added an essay, Algebra II and some other higher-level math, and eliminated analogies and quantitative comparisons. The ARCO Master the New SAT has content that will teach, review, and test test-takers essay writing abilities as well as their Algebra II and higher-level math skills. ARCO Master the New SAT provides complete test preparation for the SAT I exam taken by students during their junior and senior years in high school. Most colleges require that students submit SAT scores as part of their application. ARCO Master the New SAT prepares students for the exam with expert test-taking strategies and a detailed review of the major areas tested: mathematics and verbal reasoning. Students demonstrate their knowledge at the end of each chapter with review questions and again in full-length practice tests.
