Despite his quickness and knowledge, a birth defect that left him with an injured right arm prevents him from being able to compete. Still, he hangs out in the gym so much that his nick name is Rat--short for gym rat. Jeremys admiration for the guys on the basketball team receives a shock, however, when he testifies in court against the teams coach whom he saw molesting a cheerleader. Now a championship season is threatened, his friendship with the players destroyed, and his life in school tormented bya player who seeks revenge against Jeremy for his testimony. Into Jeremys bleak world enters a new coach, his expectant wife, and their daughter. Through them, Jeremy is forced todecide whether friends are more important than the truth and to come to terms with being born with a permanently injured right arm.
