

## Harvest Moon (Sabrina, the Teenage Witch #15)

Sabrina would just love to zap Libby Chessler clear into the next galaxy...but then, what else is new? After all the work Sabrina has put into planning the Harvest Moon dance, Libby is trying to step in and take over. So what if a hip TV station is doing a news feature starring Libby? And so what if shes gotten the station to donate funds for the dance? Does that give her the right to run the whole show? Just about everyone seems to think so. Even Harvey is bewitched by Libby, the TV star! But Sabrina isnt giving up yet. After all, shes got Magic on her side. What could possibly go wrong? Dont ask.
