

Sea

Internationally award-winning photographer Mark Laita has focused his vast technical and artistic expertise on the creatures of the deep. In *Sea*, with cutting-edge photographic techniques, Laita unveils the full splendor and otherworldliness of the oceans inhabitants in an entirely new and thrilling way. Rippling reflections, stark backdrops, and surprising angles lay bare the astonishing beauty of the life that teems under the waters surface. Leaping from the pages are piggybacking sea horses, iridescent jellyfish, ethereal but menacing stingrays, and deadly puffer fish. Laitas masterful photography reveals their extraordinary colors, textures, and personalities to us as never before. Praise for *Sea*: Here is craft honed to so high a level it becomes art. *Sea* is simply a miracle of depiction. *The Wall Street Journal*
