

Second Manassas 1862: Robert E Lees greatest victory (Campaign)

Ospreys examination of the culminating battle of the American Civil War (1861-1865). There never was such a campaign, not even by Napoleon wrote Confederate General Pender of the Second Manassas campaign in which the gray-bearded Virginian, Robert E Lee, came as close as he ever would to exterminating his Northern enemies. In so doing, Lee established himself as the Souths pre-eminent military commander and the Army of Northern Virginia as its most powerful weapon. The fighting in northern Virginia left Union General John Popes career in tatters and proved the South was a power to be reckoned with. This books powerful account demonstrates that during that fateful summer of 1862 Lees soldiers were fighting for anything but a lost cause.
