

## Smokescreen

Nothing in Kerry's life prepares her for her first summer job. Stationed as far north from Toronto as Florida is south, unqualified and inexperienced, she perceives hazards around every tree. What does she know about fieldwork? Or black bears? Or men? Absolutely nothing! All she's done with her life so far is competitive dance. If her mother only knew what this job required! Kerry's new partner, Yvette, is unlike anyone she's ever met and something about her doesn't add up. Her boss is a chauvinist pig and out to get them. When forest fires break out, Kerry and Yvette are drafted for fire duty and sent deeper into the bush even closer to the fire. As all of northwestern Ontario goes up in flames, Kerry vows to find out what is really going on and uncovers a crime of international scope and scale that will threaten her life. Smokescreen is an adrenalin pumping adventure, pitting two resourceful young women against nature and man at their most greedy. Truth and lies. Fire and darkness. Who will triumph when nothing is what it seems?
