

Keeper by Surprise

Life can change in an instant. Are you ready? College student Keith Hanson cares about grades and girls, not necessarily in that order. Until the night his life changes forever. College life provides the reprieve Keith Hanson dreamed of while growing up in his father's strict household. Now, he concentrates on keeping his grades up (just enough to get Dad off his back), and loving his girlfriend Carly. He never knew life could be this good. Until a terrible accident leaves his parents killed, and Keith named as guardian over his three siblings. Although only 20, he's the one now who has to earn money to support the family and take care of the kids. Including the discipline, something his teenage sister Dana is totally lacking. Brand new social worker Lisa Carle has a lot to prove to her boss about her ability to do a good job. But it's hard to focus on professionalism when she's falling in love with the client. Can the two of them help each other? And will their budding relationship survive screaming twins, a teenage runaway and an unethical boss? Scroll up and grab your copy today!
