

Sometimes It Happens

On the last day of her junior year, Hannah's boyfriend Ryan dumped her. Facing a summer of loneliness, Hannah turns to her best friend Ava for comfort. Ava does what BFFs do: she stays by Hannah's side...until it's time for Ava to head up to Maine for the summer. Also left behind is Ava's boyfriend, Noah, who's such a great guy he gets Hannah a job at the diner he waits tables at. Slowly, Hannah comes out of her funk thanks to Noah's good conversation and their fun times at the diner. But things get complicated when their friendship turns into attraction--and one night, into a passionate kiss. The novel opens on the first day of senior year; the day Hannah is going to see Ava, Ryan, and Noah all in one place. Over the course of the day secrets and betrayals are revealed, and alliances are broken and reformed. In the end, everyone is paired up once again, but not the way you might think...
