

Sophie & Carter (Novella)

I literally could not put this book down! This is a tender and emotional love story focused on two teens handed much more from life than they might be able to handle without one another. -Katy Brady 5 out of 5 star reviews: Ive walked away from books twice as long and didnt feel as connected as I did to these characters. I laughed, I cried and I loved these characters guts! -Tasha, Goodreads A glimpse into...harsh realities, and the impact a few peaceful moments on a porch swing and an understanding friend can have on a persons existence. -Kindle Obsessed, Book Reviewer OVERVIEW:

A girl. A boy. A porch swing.

Sometimes life breaks your heart.

And sometimes the boy next door puts it back together. More praise... Sophie and Carter have to be two of the best characters I have read this year. They were so real and raw and just amazing. In fact, this book is amazing. -My Guilty Obsession, Book Reviewer A boy-and-girl-next-door young adult story unlike anything Ive ever read.... -The Whispered Word, Book Reviewer If youre looking for a heart-wrenching tale of friendship and the kind of hope only love can supply, Sophie & Carter is for you!
