

Stargazers (Sky: Book 2)

Stargazers (Sky: Book 2) Two years have passed since Tomas was lost in the final confrontation with the Shriekers. But if Shelley hoped Tomas had defeated them, she was wrong. The dark dreams have returned, and once more, Shelley needs to find Carly or face the growing terror alone. But what had Tomas said? Look for me in the stars. Could he come back? Shelley is tested to her limits as she strives to bring him back. Back to stop Selene taking form and inflicting a pain beyond belief upon every soul on the planet.
