

Story of Aeneas (Classic Reprint)

Excerpt from Story of Aeneas The story of Aeneas related by the Roman poet Vergil in his celebrated poem called the Aeneid, which we are to tell about in this book, is one of the most interesting of the myths or legends that have come down to us from ancient authors. Vergil lived in the time of the Roman Emperor Augustus (63 B. C. - 14 A. D.), grand-nephew and successor of Julius Caesar. Augustus and his chief counsellor or minister Maecenas, gave great encouragement to learning and learned men, and under their liberal patronage arose a number of eminent writers to whose works has been given the name of classics, as being of the highest rank or class. The period is known as the Augustan Age, a phrase also used in reference to periods in the history of other countries, in which literature reached its highest perfection. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
