

## Such Wicked Intent (Victor Frankenstein)

When does obsession become madness? Tragedy has forced sixteen-year-old Victor Frankenstein to swear off alchemy forever. He burns the Dark Library. He vows he will never dabble in the dark sciences again, just as he vows he will no longer covet Elizabeth, his brothers betrothed. If only these things were not so tempting. When Victor and Elizabeth discover a portal into the spirit world, they cannot resist. Together with their friend Henry, they venture into a place of infinite possibilities where power and passion reign. But as they search for the knowledge to raise the dead, they unknowingly unlock a darkness from which they may never return.
