

Breakup Bible, The

Jen Lewis is having a great junior year. She is the features editor of the school paper, and she's dating Max Brown, the paper's editor-in-chief. Everything is perfect that is, until Max says, "Maybe it would be better if we were just friends." In shock and total denial, Jen wonders how she is going to deal with the pain of seeing Max in school every day. Her misery only intensifies when her grandmother gives her a book that she heard about on the radio. Dr. Emerson's *The Breakup Bible* claims that there's no reason a woman can't get over a breakup very quickly if she'll just follow a few basic commandments.
