

Happy

Hundreds of people want to be in a band. They all get guitars and they all play gigs and they all write songs, and they still never make it. There's a big difference between being a rock star and a pop idol - Will and Danny know which they'd prefer to be. They form the group Happy and it seems they are on the way to realising their ambitions. But when Happy's first gig is cut short by a fire at the venue, Will struggles to cope with his bitter disappointment and retreats into his private world, rejecting everyone around him. His girlfriend, Beth turns to Danny for comfort and their friendship soon becomes something more. With nothing left for him at home, Will leaves for London to stay with his session-musician father and to follow his dream.
