

## Terra Boundaries: The Fae Wars

Luke is a battle hardened alpha werewolf. Growing up during the worst of the Fae wars damaged him inside and out. When he discovered his soul mate was an earth Fae he rejected her immediately. As an earth Fae and a born healer the war and its casualties were often too much for her Magdalena to endure. So when her soul mate rejects her just for being a Fae she quickly agrees to help create a new dimension and escape the realities of the real world. So what happens when Luke and Magdalena find themselves both living on the same side of the veil. Will Luke have the strength to reject Magdalena again or this time will she be the one doing the rejecting?
