

Crazy Hot (Au Pairs)

This summers not just hot...its crazy hot. Its been a year since the hottest au pairs ever saw the Hamptons, and theyre certainly older -- though not necessarily wiser. Or drama-free. Eliza, Jacqui, and Mara thought theyd be spending the summer apart, but when Elizas new stepmother finds herself in need of some nannying help around the megamansion with the step-monsters, Eliza makes a call...and Jacqui and Mara wind up with two first-class tickets to the Hamptons. After ruling her first year at Parsons, Eliza, the up-and-coming starlet-turned-designer, is opening her own boutique on super posh Main Street. But its not just Elizas career thats on the fast track -- her relationship with Jeremy is too. Too bad hes moving too fast for Eliza to keep up. Brazilian beauty Jacqui is trying to be a good, responsible au pair. But its tough when theres a hot British photographer following you around, telling you to quit your job and become an international supermodel. All she wants is to make enough money to pay for NYU...so what happens when she gets a much bigger offer? After getting fired from her travel-writing job and dumped at the airport by her journalist boyfriend, Mara settles for a summer chasing toddlers once again. Theres one benefit to nannying: Shell have plenty of material for the novel shes writing about being an au pair -- and an It Girl -- in the Hamptons. Nothings going to distract her from the task at hand...except perhaps her old flame, Ryan Perry. Can our three favorite Hamptons girls survive the craziest, hottest summer yet?
