

Rhythm: A Step by Step Guide to Understanding Rhythm for Guitar

(Music Sales America). Rhythm is devised to bridge the gap between tablature and standard notation by concentrating on providing a basic understanding of rhythm, both conceptually and from a notational point of view. Hypothetically, anyone who works through this book could buy any other book for the guitar and be able to play music. The accompanying one-hour CD contains audio examples of the lessons in the book, with the answers to the assignments set to test your progress.
