

The Night My Sister Went Missing

A tiny pistol, passed from friend to friend at a party on an abandoned pier, suddenly fires and Casey Carmody falls into the water below. Kurt, Caseys older brother, endures a seemingly endless night at the police station while the coast guard searches for his sister and his friends are questioned, one by one. Was the gunfire accidental or deliberate? Or was the whole drama one of Caseys practical jokes? And where is Casey or her body now?
