

## The Sikh Army 1799-1849 (Men-at-Arms)

The beginning of the 19th century saw the rise of a remarkable Sikh leader in the Punjab province of north-west India. Unifying the feudal rulers under his authority, the conquering Maharaja Ranjit Singh pursued campaigns of expansion for nearly 40 years, creating for the purpose a new regular army on the Western model. His death in 1839 found the frontiers of Sikh and British power in confrontation; in the 1840s the inevitable trial of strength brought British crown and East India Company troops into battle against the most formidable Indian army they ever faced. Its story is told here in fascinating detail, illustrated with rare early paintings and with colourful reconstructions of Punjabi regular soldiers and feudal warriors.
