

The Sound from Nowhere: Adans Thriller Mystery Suspense Books

6,399 Story Words. The Sound from Nowhere is my second Vermont short story, also featuring Sam (Samantha) telling the six cousins I feature in most of fiction, something about her growing up in Vermont. This sequence of stories is the result of a dramatic encounter in Austin Texas, where Sam met the six children, ages ten to eighteen, storied in Dirty Sixth Street, Austin. The short stories are a mixture (in varying degrees) of mystery, suspense, caring, and multi-generational relationships. Someones always coming of age. And it isnt always the obvious pick. :-) I hope you enjoy the story. If so, please consider my other short stories, featuring many of the same characters, in my other collections, Texas Shorts and Paris Shorts.
