

## Mathsworks Resource Pack 1 for Word 6

This resource pack contains two separate disks titled, Mathematics Skills and Reteach Pack. The material on these disks can be freely duplicated for use within that institution. The Mathematics Skills contains 140 student worksheets organised under the major mathematics topics. In most cases a range of worksheets have been developed from an introductory to an advanced level. The teacher is able to directly print copies appropriate to the needs of the class or individual student. The Reteach Pack contains a series of worksheets which can be used with students who need additional instruction. All major topics are addressed and in each case the appropriate worksheets contain instructions, worked examples and additional practice exercises.
