

# The Vindication of Tradition: The 1983 Jefferson Lecture in the Humanities

In this carefully reasoned book, noted historian and theologian Jaroslav Pelikan offers a moving and spirited defense of the importance of tradition. A soul-stirring self-analysis, no less than a distillation of the life-work of the living historian best qualified to provide solutions to those Tradition versus Bible-Only controversies that have plagued Christianity since the Reformation.--L. K. Shook, Canadian Catholic Review
