

They Were White and They Were Slaves: The Untold History of the Enslavement of Whites in Early America

They Were White and They Were Slaves is a thoroughly researched challenge to the conventional historiography of colonial and industrial labor, a stunning journey into a hidden epoch, the slave trade of Whites, hundreds of thousands of whom were kidnapped, chained, whipped and worked to death in the American colonies and during the Industrial Revolution. This is a chronicle that has never been fully told, part of a vital heritage that has until now comprised the dustiest shelf in the darkest corner of suppressed history.
