

Gibraltar: A Novel (Gibraltar Series Book 1)

Book One, Standalone Edition (also in Gibraltar Series: Three Complete Books) Eighteen-year-old Clary relates the story of Jem, the son of a hard-hearted businessman and his unhappy socialite wife. Jem wants more than anything to escape the superficial life laid out for him--and he knows a way. Remembering the summer he spent on the St. Lawrence Seaway five years before, he forgoes returning to Boston for his second year of college and escapes to Gibraltar, the home of his grandfather. There, he uncovers a family secret that will extricate him from the web of lies his parents have spun around him all his life, and set him on a course for love and a new hope for his future.
