

Unexpected Hero: Hidden Falls, Episode 4

Hidden Falls - An Exciting New 13-Part Serial Novel from Shiloh Run Studios. Troubles are escalating all over town. Sylvia has major cleanup to do, not to mention figuring out who and why - and could the vandalism to her shop have something to do with Quinns disappearance? Ethan and Nicole wont sit around idly waiting for Cooper Elliott to do all the work. Cooper has an investigation on his hands like never before in Hidden Falls, but he sure doesnt mind that it involves frequent communication with Lauren Nock. Liam is hitting wall after wall in finding a solution to his own personal crisis. Does he dare ask Dani for help (if shed ever answer her phone)? Or even Jack Parker? Jack hears opportunity knocking. Surely all these crises require his legal expertise. But he feels a stronger tug toward his family - those four people who have almost given up on him. When his younger daughter needs him, will he choose advancing his career or being her hero? While most of the town is falling apart in Quinns unexplained absence, some things might come together quite nicely...
