

RV around USA on \$10 a Day

Is this an adventure youve always wanted to do? Have you never travelled because it always seemed too complicated? If you dont travel America now, when will you do it? When? You can even sleep with your favourite pillow in the same bed every night. Thats better than the lottery of what youll find on sixty different hotel beds. And with your own motor home you dont have to pack up and check out by 10am. You OWN your bed on wheels. This book tells you how to travel around America in a motor home RV. Travel around USA on the cheap, @ \$10 a day. Discover how to buy a second-hand RV travelling-home on the Internet (totally safely) and then drive it all over America on ten dollars a day. Read about Don & Lyn Nicholson, a golden-age (thats well over 60) couple from Australia, and how they made their first-ever RV trip around USA. What they learned will benefit you when you make your trip of a lifetime. This is their book. Their story with pictures and heaps of useful, hands-on advice. They actually did what you want to do. See America up close and meet the real people. Go where you want to go. Stop when you want to stop. See the things that interest YOU. All on a tight budget. Excluding food, fuel and fun their travelling cost them about \$10 a day! Get this: When they finished travelling they sold their bedroom on wheels for slightly more than it cost them! All perfectly legal and the purchaser was delighted. You could do the same, once you know how they did it! Lifes best lesson: learn from other peoples experiences - and their mistakes! They travelled north, south, east and west all over USA for 66 days at an average cost of \$10 a day. You could do that! Hey, you could visit Washington DC, Statue of Liberty, Grand Canyon, Las Vegas, and see Niagara Falls. First you need to know that Don and Lyn are both over 60 years old. So Im not describing a couple of teenage backpackers. Don works

as a road marker, painting signs that say STOP and BEWARE OF CROCODILES. He had to repaint the one which read SHCOOL BUS STOP. To complete the picture of Don, he didnt finish high school but hes handy with a spanner. Thats important to this story. They bought a 10 year old recreational vehicle motor home in Los Angeles, almost straight off the Internet. (Thats a story you should read.) They travelled 13,000 miles around USA. They had a great trip, mostly parked free overnight. They found free clean toilets and hot showers wherever they went. Nothing is difficult when you know the short cuts. They explain it all in their book. Remember, nothing is difficult when you know the short cuts. Buy their book. The planning for your trip of a lifetime begins today?
