

## Walls, Wire, Bars and Souls: A Chaplain Looks At Prison Life

Who are the hardest of the hard-core criminals in the USA? What made them do the things they've done? What's life really like for them behind bars? And who are the people who make sure they stay there? Walls, Wire, Bars and Souls is a first-hand account from a chaplain's perspective of the real world behind the razor wire in America's high-security prisons. It ranges from hideous brutality to mundane boredom and everything in between. In these pages you'll meet everyone from some of the most evil psychopaths in existence, to those whose only crimes were on paper and hurt nobody. They're all dumped into the penitentiary meat-grinder together, with results that are sometimes agonizing, often frustrating, and occasionally very funny.
