

Justifiable Means

This rape case is different from most: the victim is more than willing to testify and there's ample evidence to put the suspect behind bars. But one thing gnaws at Detective Larry Millsaps - young and beautiful Melissa Nelson knows too much about the evidence needed to convict her attacker. Millsaps's investigation unearths the suspect's brutal track record, but also some stunning revelations about Melissa's own past. Caught in a deadly conflict between the ironies of the law and the demands of his Christian convictions, the detective finds himself protecting Melissa - even as evidence mounts that could imprison not only an inhuman criminal, but also the woman Millsaps has come to love.
