

## Wildest of the Wild West: True Tales of a Frontier Town on the Santa Fe Trail

The Wild West stories of Dodge City, Deadwood, and Tombstone pale in comparison to the incredible story of Las Vegas, New Mexico, for decades considered the most violent community on Americas western frontier. In *Wildest of the Wild West*, popular Western historian Howard Bryan provides a spirited account of the violent, melodramatic, and often bizarre events that centred in and around this small Hispanic farm and ranching community from 1835 to 1915.
