

Wisteria and the Pirate Wolf

Wisteria couldn't have known her simple act of kindness to a lost witch would lead to the possession of a magical blue cloak. She couldn't have known that the greatest tragedy of her life would lead to her first kiss with a carnivorous werewolf. And there was certainly no way she could have expected chasing a man, hidden by a cloak of darkness, would lead her and her red riding hood sister to join a pack of pirate werewolves on an impossible quest to find a potion that would make them human, or that it would reunite her with the were-man who took her first kiss, and with it her heart, over a decade before. Luckily, it's exactly the sort of adventure Wisteria always dreamt of.
