

Princeton Review: Astronomy Smart Junior (Smart Junior Series)

Get ready to take the field trip of the century—the twenty-first century, that is! Bridget, Babette, Barnaby, and Beauregard take you on a tour of the solar system, including stops at colonies on the Moon and Mars. Along the way you'll learn about our galaxy and its stars and planets, twentieth-century space exploration, matter and its evolution, constellations, and how to find them. Astronomy Smart Junior is out of this world!
